Introduction...

Foam for Comfort Ltd

designed to suit you!

www.foamforcomfort.co.uk

Welcome to the Foam for Comfort brochure, which I hope you will find both helpful and easy to use.

Foam For Comfort is a family business established in 1973. My wife Maureen and I with support from the Foam For Comfort team, pride ourselves on offering a friendly and efficient service. Supplying only quality products that have been tried and tested, offering superb value for money.

WE OFFER:

- A Friendly Advice service, based on talking with you our customer.
- Tried & tested quality products at competitive prices.
- The assurance of being an authorised Dunlopillo & Vitafoam supplier.
- Efficient and friendly quoting & ordering services.
- After sales service enriched by more than 35 years of experience and our membership of the Guild of Master Craftsmen.
- A permanent address where you are welcome and a Managing Director you can speak with.

WE DO NOT OFFER:

- Inferior products that do not last, for a quick cheap sale.
- PHONE handling that requires endless number options and the # key before eventually losing your call.
- Non branded & un-tried products with no back-up or service.
- Elusive managers & sales staff.

I hope you find the above re-assuring and that you choose Foam For Comfort as your supplier, however if you have any remaining doubts simply pick up the phone or call in to our Showroom.

Andrew Sykes,
Foam For Comfort

Andrew and Maureen Sykes
Managing Director & Company Secretary

Your existing cushion covers professionally re-filled...

Why replace your sofas & chairs, increasing landfill when only the cushions are worn out!

Send your existing cushion covers and have them professionally re-filled with your choice of Reflex Foam or Traditional Latex.

above: worn out untidy interiors.

right: replacement interiors improving comfort and enhancing the overall appearance of your suite.

New cushions will give your sofa & chair cushions a complete make over and all our interiors are low maintenance with no plumping required after use.

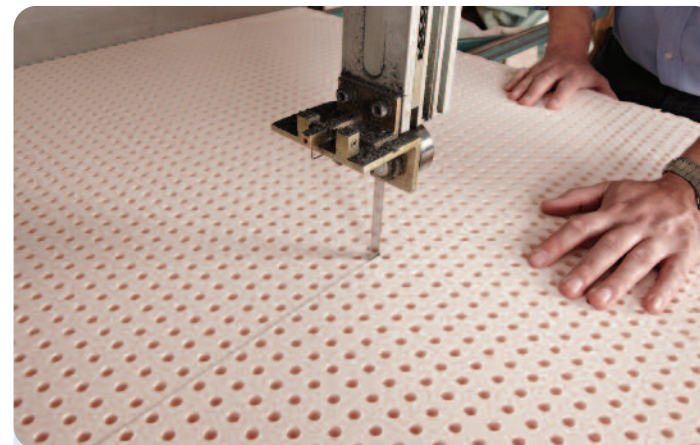

“ We can assure you of a perfect result and are so confident that you will be 100% satisfied we offer a 100% satisfaction guarantee. ”

ANDREW SYKES - Managing Director

How we achieve that perfect fit...

From quotation to delivery our membership of the **Guild of Master Craftsman** guarantees you quality of service and product.

We measure and carefully cut each cushion.

An initial fitting is then done before we make any final changes or add any extras such as the fibre wraps shown above.

Once we are satisfied with the completed interior we do a final fitting.

Every order is individually checked before despatch.

Ordering is easy, just turn the page for details...

Ordering your new cushion interiors...

step 1...

Remove your cushion covers.

If your covers are not fitted with a zip or alternative fastening, please contact our Advice line and we will try to assist you with the best method of removing your cover.

step 2...

Send your covers and completed order form in the blue heavy duty packing bag supplied in our mail pack.

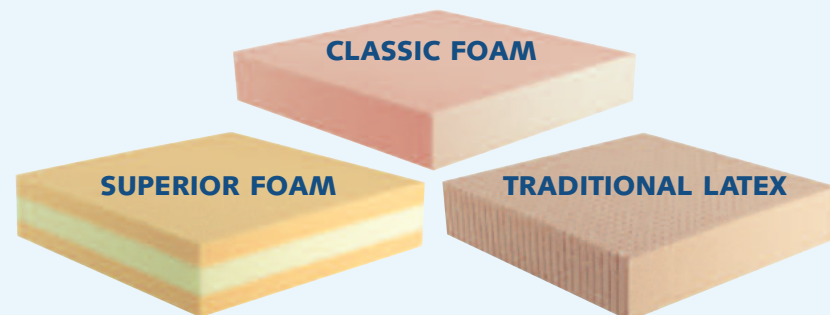

If you do not have our mailing pack these can be applied for on-line or requested by e-mail, alternatively you can just phone our Advice line. Should you want to save time and use your own packing, please ensure the covers are well protected.

step 3...

Having received your covers we will prepare a quote and contact you by post, e-mail or phone with full details and advice if required.

Your quote will normally offer the three qualities shown below and include the cost of Stockinette undercovers, labour & insurance. Depending on the style of your covers we may also offer additional extras such as Polyester fibre wraps.

step 4...

Confirm your order.

Once re-filled, your cushions will be returned to you by carrier within 21 days. Your covers will be insured against loss or damage, however we can only be responsible for the value of the cushions and covers.

For 'Do-It-Yourself' enthusiasts, foam and latex cushions cut any size or shape...

"Reasonable prices and outstanding durability were the criteria we used when selecting our range of Reflex Foams & Traditional Latex"

You will find full details over the next few pages, however if you are in any doubt in your product choice or prices please contact our Advice line 0845 345 8101 alternatively e-mail sales@foamforcomfort.co.uk

Traditional Latex

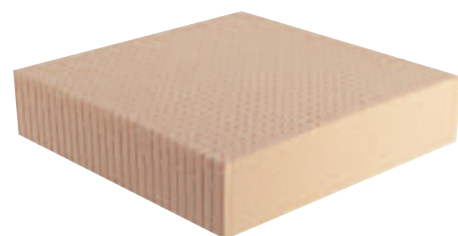

Supplied by Dunlopillo since the 1960s.

Traditional Talalay latex is the most comfortable cushion filling available. Reassuringly expensive, a long term investment in durability and sumptuous comfort. Popular with customers who love their sofas and chairs and have no intention of replacing them. Traditional Talalay latex is no longer supplied by Dunlopillo and therefore only available from specialist suppliers with product knowledge and years of experience.

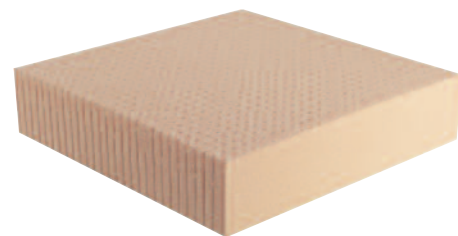

Traditional Soft Latex

The ultimate replacement for feather and fibre cushions, allowing you to sink into the cushion while offering gentle support. Fully recovers after sitting, you will never have to plump up your cushions again!

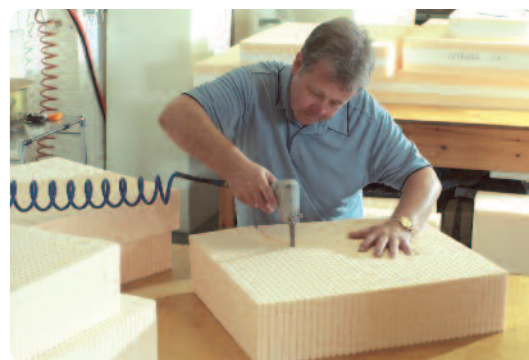

Traditional Medium Latex

Ideal for sofa and chair cushions of 5" or more, Medium Latex provides supreme comfort with a good level of support. The ultimate in luxurious seating!

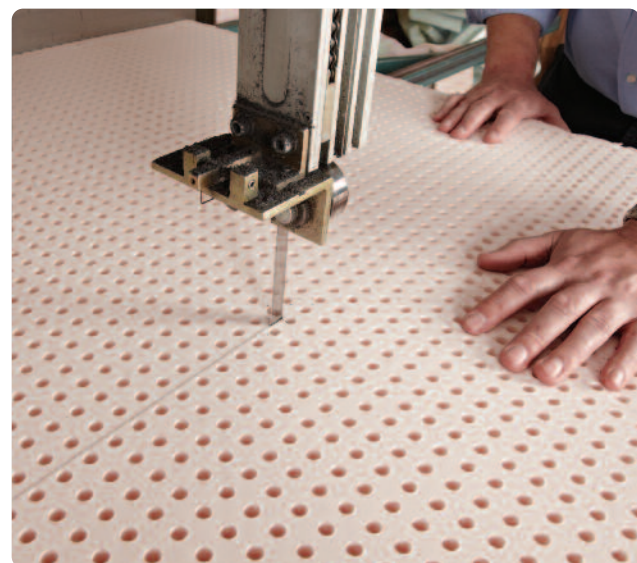

Traditional Firm Latex

Offers excellent support with comfort. Due to its naturally heavy construction Firm Latex relies on density to give support. Therefore unlike a firm foam cushion that offers support but not necessarily comfort, firm Latex offers both comfort and support, giving you the best of both worlds.

Polyester Fibre Wraps

Polyester fibre wraps enhance the finished appearance of your cushions, lofting the cushion centre and softening angular lines.

Highly recommend when replacing loose feather or fibre filled cushion interiors and useful in helping to prevent the saddling of leather covers.

To obtain that 'overstuffed' appearance using a Polyester fibre wrap it should be used in addition to the amount of foam or latex required to fill your cushion cover.

The polyester fibre is bonded and permanently sealed to the foam unit, ensuring the fibre stays in place during fitting & use.

Polyester fibre being fitted to the top & bottom surface of a foam cushion.

Finished unit before fitting a stockinette undercover.

You will find prices for Polyester Fibre Wraps detailed on the various foam & latex price grids.

To price a Polyester fibre wrapped unit simply take the price of the foam unit required add the fibre wrap price and the stockinette undercover price, this will give you the total price.

Stockinette Undercovers

Quality sewn Stockinette Undercovers

Stockinette Undercovers are designed to enable the easier fitting of your outer covers and to reduce friction between the outer cover and the cushion interior, this increases the lifespan of the outer cover and helps prevent creasing as it allows the cover to return easily to its original position after use.

These covers should not be confused with cheap nylon heat sealed versions that are often supplied free of charge, these covers soon tear in use and do not fully reduce friction between inner cushion and outer cover.

Pew Cushions & Kneelers

Pew Cushions are manufactured from 5lb contract grade reconstituted foam. We can supply foam only or with the addition of stockinette undercovers, keeping costs to a minimum for DIY projects. Alternatively we can manufacture completed cushions (see page 18).

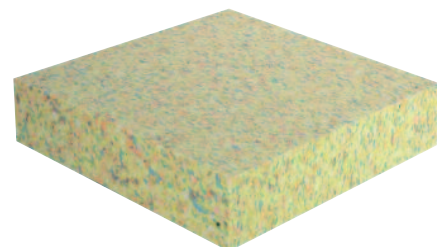

Kneelers are manufactured from 8lb reconstituted foam, this product is designed to give many years of use without losing its shape or density. Reconstituted foam will hold and stretch tapestry designs, displaying the tapestry to its full potential, justifying the many hours of work that goes into the making of the unique tapestry covers.

Some of our work can be viewed at St. Mary's in Cheltenham www.stmaryscheltfriends.org.uk also available as a link from our website.

Complete Cushions with Fitted Covers

High quality upholstery, hand made to ANY shape and ANY size.

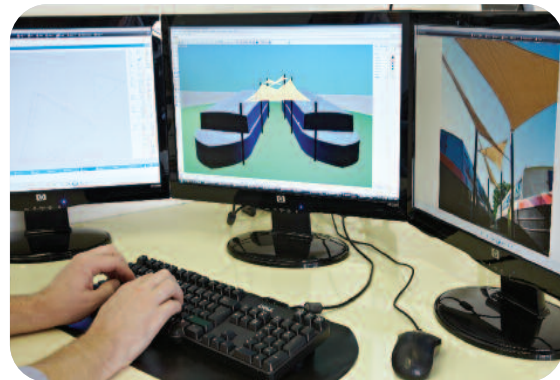

A selection of photographs showing finished cushions from previous projects.

Our new range of fitted upholstery covers is designed to compliment our comprehensive range of interiors.

We offer quality fabrics that can be used in all environments', home, boat, holiday home, work or garden and all are made to measure.

We manufacture all our own covers and therefore can offer you the flexibility to create your own design. Whether it be piping, buttons, a type of fabric or colour not shown in our brochure "just ask" we can normally assist.

All our fabrics & interiors comply with the latest fire & safety regulations for domestic use in the UK. However if the cushions are for use in a public building a higher level of fire rating is required, we therefore offer a contract range of fabrics to meet this rating, samples available on request.

Everything is hand made to your exact specifications.

When ordering your complete cushions...

Simply take the price of your selected foam, add the cost of a stockinette undercover (these must be fitted when ordering fitted covers) and then add the cost of the fitted cover. This will give you the cost of the complete cushion.

For sizes not listed in this brochure you have the option of using our online calculator www.foamforcomfort.co.uk, contacting our Advice Line - 0845 345 8101, e-mailing or posting our quote/order form.

Shaped units normally require a sketch or template, therefore posting our quote/order form with the sketch or template is usually the best option.

When ordering please give the following details. Fabric quality & colour. The position of a seat cushion FRONT and the TOP of back cushions, see sketch right.

Luxury Memory Soft Mattress Overlay/Topper

Comfort, pressure relief and durability combine to create a quality overlay/topper that will offer years of comfortable nights.

Our Luxury Memory Overlay is designed to take full advantage of Memory foam while retaining high standards of quality and durability - not to be confused with low cost, low quality Memory Overlays supplied by many mail order companies and retailers.

Vasco heat sensitive memory foam offers excellent pressure relief by helping to evenly distribute your weight using a combination of body heat and weight to mould the Vasco Memory foam interior. Finished in our exclusive soft organic cotton that's designed to stretch and conform to your every contour.

The finest quality Memory Foam.

Latex Scatter Cushions

Perfect low maintenance scatter cushions with a **LIFETIME GUARANTEE**, available in any size of cushion, bolster or pillow shape.

"all complete with a lifetime guarantee"

Replace your polyester fibre and feather filled scatter pads with our exclusive **Latex Loose Filled Scatter Cushion Inserts**.

These are not available from any other supplier and as they require only occasional plumping and come with a **"Lifetime Guarantee"** you should never need to replace your cushions again.

Being environmentally friendly comes naturally to a Yorkshire based company, only we call it being thrifty!

Our loose filled scatter cushion inserts are manufactured from the small off cuts created when we cut Dunlopillo latex into mattresses & cushions. We take these small off cuts and shred them to make a quality loose filling.

Quality Latex interior with a lifetime guarantee
