

Our showroom

Unlike many internet based companies these days that don't have a physical address, we have a showroom and a workshop that you can come visit for help and advice.

Above all else, sometimes you just need to see and feel a product before making a decision to purchase it. Our showroom has always been popular with our customers, however we now offer an appointment

scheme, no waiting when you arrive and an assurance that a member of staff with experience of all our products will be available.

For customers who struggle to visit between **9am** and **5pm** Monday to Friday this service is also available out of normal showroom hours; simply phone **0113 274 8100** to make an appointment that is convenient for you.

Our contact details

For any queries you may have:

Advice line **0113 274 8100**

For fax quotes, orders and queries:

Fax line **0113 274 8102**
