

Luxurious Latex Scatter Cushions

Perfect low maintenance scatter cushions with a Lifetime Guarantee, available in any size of cushion, bolster or pillow shape.

Exclusive latex filled scatter cushions...

Replace your polyester fibre and feather filled scatter cushions with our exclusive Latex Loose Filled Scatter Cushion Inserts. These are not available from any other supplier and as they require only occasional pumping and come with a "Lifetime Guarantee" you should never need to replace your cushions again.

Plump appearance that won't flatten!

Only the finest quality latex interiors are used in conjunction with a quilted cotton cover to create a cushion with a smooth plump appearance that will never flatten.

Environmentally Aware

Our loose filled scatter cushion inserts are manufactured from the small off cuts created when we cut Traditional latex into mattresses and cushions. We take these small off cuts and shred them to make a quality loose filling.

Being environmentally friendly comes naturally to a Yorkshire based company, only we call it being thrifty!

We use only the finest quality latex for our interiors.
