

Church Pew Cushions and Kneelers

Foam for Comfort have been supplying foams to churches for over 30 years!

Foam for Comfort have worked with Churches throughout the UK for over 30 years, often working with church committees to ensure a perfect result.

Generally we supply complete finished cushions but we do also offering DIY options where we just supply foam or foam & under covers for sewing circles that are making their own (often tapestry) covers. We can also offer extras such as D rings on hassocks & piping on cushions. All our cushions are designed to comply with legislation regarding use in public buildings and fire regulations.

One of the most interesting projects we have worked on recently was with Leeds parish church, the sewing circle had spent many long hours producing some very special tapestries (as you can see from the photographs) we then turned the tapestries into covers, fitted bases and anti-slip pads.

Please see below for details of how to order your foam or please feel free to call us if you require any advice.

Pew cushions recently refilled for Leeds Parish Church.
