

Cushion Re-Filling Service

Your existing Cushion Covers professionally re-filled...
Why replace your sofas and chairs when only the cushions are worn out?

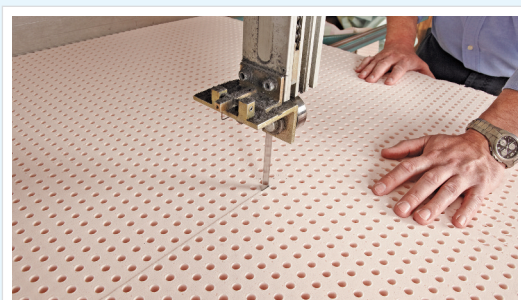

A rather sad looking sofa in need of a little TLC.

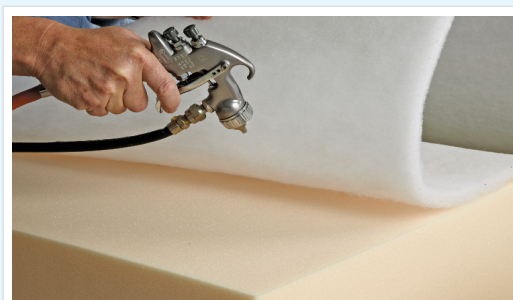

The same sofa after the Foam for Comfort treatment!

How we achieve that perfect fit...

From quotation to delivery we provide the level of service & quality of workmanship that our customers love.

We measure and carefully cut each cushion.

An initial fitting is then done before we make any final changes or add any extras such as the fibre wraps shown above.

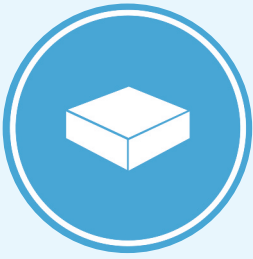

Once we are satisfied with the completed interior we do a final fitting.

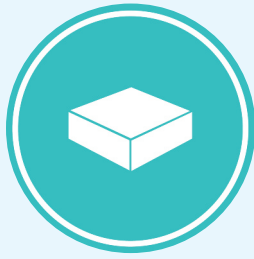

Every order is individually and carefully checked before despatch.

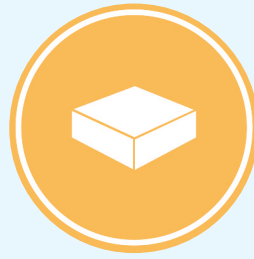

Have your seat cushions re-filled using:

Just Foam
Seat Cushion

Classic Foam
Seat Cushion

Superior Foam
Seat Cushion

Traditional Latex
Seat Cushion

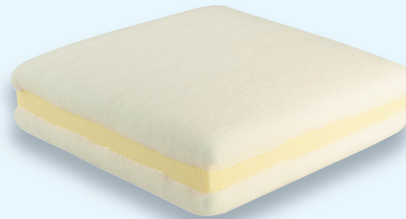

Your Back Cushions

Your back cushion(s) will be re-filled using our specially developed Inneractive Foam.

All the above seat cushion interiors are available in a choice of comfort options and are supplied with high quality Stockinette Undercovers.

Enhance the look of your new Seat Cushions with Polyester Fibre Wraps

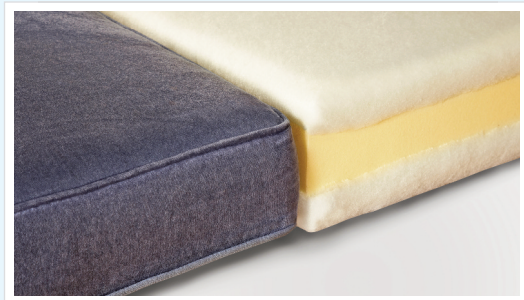

Polyester Fibre Wraps are the perfect way to enhance the look of your finished seat cushions, by offering a plump over stuffed appearance.

Finished unit before fitting a stockinette undercover.

Polyester fibre being fitted to the top and bottom surface of a foam seat cushion.

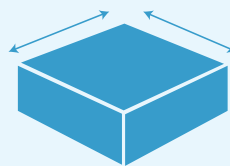

Fitting Fibre Wraps achieves that plump cushion look.

OUR GUARANTEE

"We can assure you of a perfect result and are so confident that you will be completely satisfied we offer a 100% satisfaction guarantee."

Andrew Sykes, Managing Director

Before ringing for information, advice or ordering details please have the side to side and back to front measurements of your seat cushions to hand.
